Contact your account manager. Find yours at ParadigmEducation.com/account-managers.

Every student will have complete course content on day one with

Paradigm's Inclusive Access

Too many students struggle to purchase and access required courseware, putting them at an immediate disadvantage the first few weeks of class. With Paradigm's **Inclusive Access**, you have the power to eliminate that learning barrier.

We'll work directly with your institution and campus store to implement an affordable, streamlined solution that ensures every student gets code-free access to essential course content the first day of class.

How does Paradigm's **Inclusive Access** work?

You select courseware and approve the cost per student.

Students start class equipped with complete course content.

Paradigm works with you, your colleagues, and campus store to implement code-free access of courseware within

Your institution and Paradigm work together to report enrollment for courseware payment.
